Gary – To coordinate with everyone's schedule, we would like to offer Tuesday 3/21 or Wednesday 3/22 for your consideration for a meeting in Austin to go through the unmixing methodology and results on the San Jacinto project. Do either of those dates work for your folks? As we discussed, we can conduct the meeting in person for those that can make it and I will set up a WebEx line for anyone that cannot make it in person.

Please let me know if those dates work for you.

Thanks,
David
